

New **Drive** *New*

Diversified Imports www.diversifiedimports.com Tel: 732-363-2333 Fax: 732-905-7696

➤ **Most Powerful Curtain and Vent Machine**

Pulls 2200 lbs x Speed 2.25 ft/min = Power 5000 ft lbs/min
(Compared to 5000 lbs x .25 ft/min = Power 1250 ft lbs/min)

➤ **Heavy Duty Construction = Long Life**

Heavy Duty Gears – Shafts - Bearings – Motor (1/3 hp)
Manufactured to Industrial Standards

➤ **Simple Accurate Limit Switches**

Smooth sliding adjustment pins on friction plates

➤ **Internal Manual Open/Close Switches**

For ease of setting limit switches - no extra power lead required

➤ **Safety Switch**

Internal safety switch - prevents overriding of the limit switches

➤ **Printed Circuit Board**

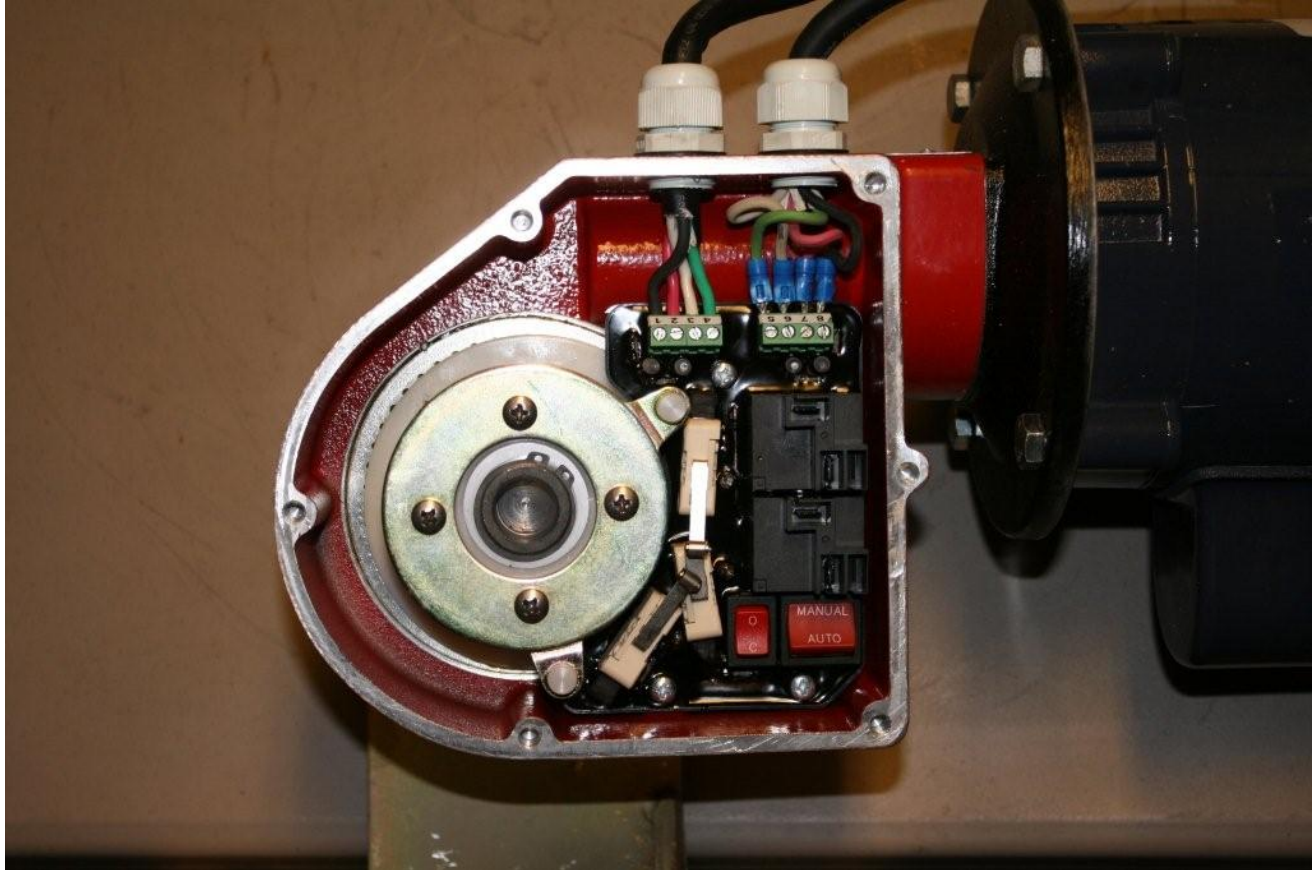

PCB circuitry instead of hand wired circuits - for greater reliability

➤ **Totally Sealed and Lubricated For Life**

No regular maintenance required

New Drive *New*

Diversified Imports www.diversifiedimports.com Tel: 732-363-2333 Fax: 732-905-7696

➤ **Simple Accurate Limit Switches**

Smooth sliding adjustment pins on friction plates
Simply loosen the four screws and slide the round pins to set
LED's light when limit switch is tripped

➤ **Internal Manual Open/Close Switches**

For ease of setting limit switches - no extra power lead required

➤ **Safety Switch**

Internal safety switch - prevents overriding of the limit switches

➤ **Printed Circuit Board**

PCB circuitry instead of hand wired circuits - for greater reliability
Only 3 screws to remove entire electrical circuitry
