# Improve your Bottom Line: Upgrade to the Plasson Feed Pan

- Easily attaches to most feed systems
- Grill-less pan design allows easy access from start to finish
- Reduce bruising and bird loss due to entrapment
- Flood feeds instantly on demand
- Retaining lip improves feed efficiency
- Adjustable feed regulator provides optimum needs for every broiler breed
- Pan design helps stimulate feed consumption during operation
- Pelletized feed retains shape due to pan and cone design
- Plasson quality engineered plastics... designed to last for your next generation
- Chick Start available for flood feeding

**Improve performance by replacing outdated feed pans. The revolutionary design of the Plasson Feed Pan has proven results for achieving better feed conversion and heavier weights. Contact your local Diversified distributor for more information.**
