

RPBS-1

The Portable Bird Scale

Rotem's **RPBS-1** fully portable, battery-operated bird scale is the convenient and user-friendly solution for continually monitoring your flock's growth and health while determining the most advantageous marketing dates.

Benefits:

- Suitable for both broilers and breeders.
- Used at all levels: farm, company, and integrator.
- Provides comprehensive & accurate information: number of birds weighed, average weight, standard deviation, CV & uniformity.
- Saves all data over long periods of time in memory, creating a large data base that enables useful analysis.
- Data collection enables automatic generation of graphs and reports.

Main features:

- Rechargeable battery, works up to 10 hours
- Automatic shutoff
- Optional car charger cable
- Low battery indicator
- Weighs birds of up to 10kg / 22lbs (turkey version: up to 30kg / 66 lbs)
- Accurate to 1 gram / 0.035 ounces
- 5-digit display
- Displays average weight, number of birds weighed, standard deviation, uniformity
- Memory for saving history
- Stores data for up to 10,000 birds
- Data identified by farm, flock, house & growth day
- Connection to serial printer or PC
- Dedicated PC software
